Subject: Notes for Convoy Briefing #20

Unclassified

Notes from 11:00am call:

- Less than 10 people on the Hill; approx. 100 in and around Wellington; 123 members deployed; some trucks being rearranged; PLT engaging with Rideau and Sussex group – status unknown; convoy of 5-60 vehicles in a slow, rolling protest at the airport, no heavy truck – Traffic officers monitoring;
- M. Patterson - recommendation to shut down Coventry location - looking at TPA vs criminal code violations – trying to make nexus; looking at removing protestors and putting up fencing; lots of info being provided to demonstrators – to be highlighted at Project Hendon meeting this morning; Planning Team working hard; many members have been working the demonstration since the beginning – important to be cognizant of mental health and need for rest;
- Chief – great work yesterday by the team working on the revised Ops plan; concern about the plan that was not carried out last night;
- Concern around the operation that was cancelled last night; agreement that the incident commander role needs to be objective and outside the planning process but someone who is within the command centre of the protest; process to be tightened, report back to Chief and get sign off on moving forward;
- Chief to be briefed separately on plan for next 3 targets;
- Briefings to change to [REDACTED] – earlier in the morning, just command team and team to brief; K. Maloney to speak to A/DC Ferguson about a possible evening briefing;
- Chief – re: Coventry – whether with TPA or CC, need to secure access and egress points with barriers; should have no ability to cycle in and out;
- Outcome of RCMP and OPP meeting; ensure follow-up occurred for the specific request for the plan from them; #1 issue – getting resources to create and accelerate operations; if met with resistance, alert A/DC Ferguson and Supt. Patterson and engage Chief if necessary; meeting at 1pm at TPOF, OPS well-represented;
- Chief – in addition to request in with RCMP and OPP, many offers still coming from municipal police services to provide resources; need to clarify and action as soon as possible; A/DC Ferguson – coordination of logistics needed at our end;
- Officers from RCMP and OPP still reluctant to do any enforcement or interdiction; must be made clear to them and their organizations what the expectations are; if they don't comply, they are to be returned home; C. Huneault to review the MOUs to determine that no restrictions on duty assignments exist; J. Steinbachs – there needs to be someone from senior command to brief the

troops coming in about their authorities, happy to assist; K. Maloney and M. Fortunato to prepare letter today to inquire about resources, state we will have a central point of contact and coordination; Chief would like clarification on whether OPP and RCMP have embedded currently or are a separate entity; C. Rheaume working on this; formal email with full incident command chain – by 4pm;

- Comms – media briefing this afternoon – TBD who from command will speak; Chief wants to ensure ASI and Navigator involved;

Robin Millbank

Executive Assistant to A/Deputy Chief Trish Ferguson
